Ultimate Enticer Blend

Ultimate Enticer Blend is designed to provide maximum attraction during the hunting season and great nutrition for wildlife approaching the tough winter season. It is a mixture of BuckLunch Sugarbeets, Chicory, Forage Rape, Forage Peas, Redmont Sainfoin and Purple Top White Globe Turnips. Each variety is a strong attractor in its own right, but blended together acts like a deer magnet while producing valuable nutrition for deer and other wildlife bulking up for winter.

Individual Seedlings

Clockwise Bottom Left to Bottom Right: sugarbeets, chicory, forage rape, forage peas, redmont sainfoin and purple top white globe turnips

Endurance Perennial Blend

Endurance Perennial Blend is designed to provide you a multi-year food plot in areas difficult to get to or where planting every year is just too time consuming. It is a mixture of Ladino White Clover, Medium Red Clover, Alsike Clover, Alfalfa, Redmont Sainfoin and Hays Forage Barley. Each variety has worked well in food plots alone, but blended together offers wildlife a smorgasbord of healthy nutrition at a reasonable price.

Individual Seedlings

Clockwise Bottom Left to Bottom Right: ladino white clover, medium red clover, alsike clover, alfalfa, redmont sainfoin and hays forage barley

Game Bird Frenzy Blend

Game Bird Frenzy Blend is designed to provide upland game birds with what they need most, good cover and plenty of food. It is a mixture of White Proso Millet, Black Oil Sunflowers, Hays Barley, Corn and Milo. This blend will attract and hold all varieties of upland game birds while continuing to provide good cover in the worst weather conditions.

Individual Seedlings

Clockwise Bottom Left to Bottom Right: white proso millet, black oil sunflowers, hays barley, corn and milo

All Packaged Blends are not the Same

Compare our seed count with the competition. Our seeding rates are higher than most, producing consistent results.
